1) 游客

历史名胜古迹	historical resorts/ tourists spots / cultural heritages
--------	---

例题: In order to attract more tourists, the government should improve the safety by hiring more police or improve the appearance by improving the old buildings and streets.

干净的街道 -> 吸引游客

It is improved old streets that can appeal to visitors. To explain it further, when wandering on tree-lined and leafy pedestrian streets, people can reduce daily worries, and lower their stress levels; however, seldom can people feel relaxed in a city abundant with police, which unpleasantly creates a stressful atmosphere.

2□ 投资

投资	investment
----	------------

投资者	investors
-----	-----------

例题 : In order to attract more tourists, the government should improve the safety by hiring more police or improve the appearance by improving the old buildings and streets.

干净的街道 -> 吸引投资

Improved streets of a city will be appealing to investors as well. In detail, along streets, renovated by the local government, restaurants, hotels and shops for souvenirs will be constructed by investors; on the other hand, the great fortune, valuable to investors, does not exist when too many policemen are hired to keep safety.
